URGENT CARE / URGENCIAS

Our emphasis is on prompt care with minimal wait. Urgent care is for those times when you have an illness or injury that can't wait for a regular appointment and yet what you need is not serious enough for the emergency room.

We are a favorable alternative to the hospital emergency room for:

- Work related injuries
- Sprains / Fractures
- Lacerations
- Acute onset of illnesses

Nos especializamos en atencion medica rapida, con minima espera. Nuestro centro medico es conveniente, rapido y economico.

Somos la alternativa perfecta a las largas esperas de las emergencias de los hospitales.

ATENDEMOS:

- Heridas y lesiones laborales
- Fracturas y torceduras
